that, I'd be happy between now and Select File to obviously discuss people...with people the problems of Western Community College. I appreciate the Education Committee. They really did step up to the plate here and tackle a difficult issue with regards to Western Community College. The underlying bill, 67, deals with the tribal community college. I said it was 50 to 60 thousand dollars, and really it was 35 hundred to 5 thousand dollars of change. Fifty to sixty thousand's the total amount of aid that they get. This just makes those...those changes to distribute it more correctly. I'd be happy again, as I said, to visit with you between now and Select File and would urge the advancement of LB 67.

SENATOR WICKERSHAM: Thank you. The vote is on the advancement of LB 67 to E & R Initial. Have you all voted? Record, Mr. Clerk.

CLERK: 28 ayes, 0 nays, Mr. President, on the advancement of LB 67.

SENATOR WICKERSHAM: LB 67 is advanced. Mr. Clerk. Mr. Clerk, next item.

CLERK: Mr. President, (LB) 596 by Senator Bohlke. (Read title.) Introduced January 19, referred to Education, advanced to General File. There are committee amendments, Mr. President.

SENATOR WICKERSHAM: Senator Bohlke, you're recognized to open on LB 596.

SENATOR BOHLKE: Yes, thank you, Mr. Speaker, members. LB 596 was brought to us by the Secretary of State's Office when they recognized that there was an error actually in the community college boundaries. You have a map before you, the one where you see old map and the next seeing new map. It simply makes that correction and, until we do the new census, recognizing that that correction needs to be made, we have a committee amendment that they recognize that Mid-Plains College had the same problem. But you'll see on the map what it includes and the committee...it should be fairly apparent, fairly apparent to you that we need to make the correction. Thank you.
